

Together We Can Make It Happen!

We're so excited about Benton's Community Center building project that we can hardly contain ourselves! Our new facility will combine our library, museum, and technology-supported community center, together with our municipal offices and police department—all under one roof. It doesn't get much better than that.

... Well, on second thought, it does—and it comes in the way of our permanent *Salute to Veterans* exhibit to honor Benton's veterans and those of our neighboring towns.

Our new Community Center will be a hub of activity that will energize and strengthen the community, be a catalyst for exciting new ideas, and make this area a thriving activity center in Lafayette and Grant Counties.

BUT, HEY! We're missing something . . . we're missing YOU! Together we can make things happen. Your gift or paver order will move us closer to our capital campaign fundraising goal and help take us over the building's Finish Line. We're counting on you. We're Benton—we make things happen!
